Statement of Audit Committee Responsibilities

Definition

The Audit Committee is organized pursuant to the bylaws of the Metropolitan Transit Authority of Harris County (METRO). The Audit Committee is made up of three directors appointed by the Chairman. The Committee meets with the internal auditor and the independent public accountant on a regular basis. The Audit Committee periodically apprises the full Board of its activities.

Objective

Primary responsibility for METRO's corporate governance, internal controls and financial reporting lies with the General Manager as overseen by the Board of Directors. The Audit Committee was established to help the Board of Directors carry out this oversight responsibility.

Responsibilities

The responsibilities of the Audit Committee involve assisting the Board of Directors in carrying out their duties relating to METRO's corporate governance, internal controls and financial reporting practices. The Audit Committee helps to establish and maintain lines of communication between the Board and the Office of Audit and independent public accountants. The Audit Committee makes every reasonable effort to keep other members of the Board informed of significant audit-related issues.

The Audit Committee is also responsible for reviewing METRO's process of assessing the adequacy of internal controls and risk of fraudulent financial reporting. This is accomplished each year through the review of the annual internal and external audit plans; participation in the formal external audit planning meeting with METRO's Finance Department, Office of Audit and the independent public accountants; and through periodic Audit Committee meetings during which the results of internal audits and highlights of significant audit findings and recommendations are presented.

Specific Authorities and Duties Include:

1. Along with the General Manager, the Chairman of the Board and Audit Committee oversee the operations of the Office of Audit. The Chairman of the Board and Audit Committee, through the Chairperson of the Committee, may call upon the Office of Audit to conduct any audit, review, investigation or study they deem appropriate under the circumstances.
2. The Chairman of the Board and Audit Committee have direct access to the Assistant to the Board/General Manager for Audit at all times.

3. The Board does not employ the Office of Audit, however, the Chairman of the Board and Audit Committee concur with the General Manager in the annual performance appraisal and salary review and other personnel decisions involving the Assistant to the Board/General Manager for Audit.

4. With the Chairman of the Board, the Audit Committee reviews the Office of Audit's Annual Audit Plan and Operating/Capital Expenditures Budget. The budget is subject to the approval of the full Board of Directors.

5. With the Chairman of the Board, the Audit Committee recommends to the full Board of Directors the independent public accountants selected to conduct METRO's annual external audit.

6. With the Chairman of the Board, the Audit Committee recommends to the full Board of Directors the contractor selected to conduct METRO's quadrennial management review as required by the enabling legislation.

7. With the Chairman of the Board, the Audit Committee appraises the independence of the Authority's public accountants to perform management advisory services.

8. With the Chairman of the Board, the Audit Committee recommends quality assurance reviews of the internal audit function every three years to ensure that internal auditing activities conform to Generally Accepted Government Auditing Standards (GAGAS).

9. With the Chairman of the Board, the Audit Committee oversees the annual external audit and financial reporting process.

10. With the Chairman of the Board, the Audit Committee assures that METRO is in reasonable compliance with pertinent laws and regulations, is conducting its affairs ethically, and is maintaining effective controls against employee conflict of interest and fraud.
Guidelines for Maintaining a Dual Reporting Relationship Between the Office of Audit and the Board of Directors and General Manager

Board resolution 82-89 established the Office of Audit. It specifies that, "the Office of Audit reports simultaneously to the Chairman of the Board, the Chairman of the Finance Committee of the Board and the General Manager." In practice, the Office of Audit has previously reported to the Chairman of the Finance and Administration Committee, and now Audit Committee, and to the General Manager. The word "simultaneous" was not clarified in the resolution. The following paragraphs detail suggested responsibilities for the Board of Directors, Audit Committee, General Manager and Office of Audit in carrying out the simultaneous or dual reporting relationship.

Board of Directors

1. Establishes policies and statements of responsibilities for the Audit Committee of the Board of Directors and Office of Audit.

3. The Chairman of the Board and Audit Committee have direct access to the Assistant to the Board/General Manager for Audit at all times.

4. The Board does not employ the Office of Audit, however, the Chairman of the Board and Audit Committee concur with the General Manager in the annual performance appraisal and salary review and other personnel decisions involving the Assistant to the Board/General Manager for Audit.
5. With the Chairman of the Board, the Audit Committee reviews the Office of Audit’s Annual Audit Plan and Operating/Capital Expenditure Budget. The budget is subject to the approval of the full Board of Directors.
