GRANT FUNDING OPPORTUNITY

METROPOLITAN TRANSIT AUTHORITY OF HARRIS COUNTY

CALL FOR PROJECTS
Enhanced Mobility of Seniors and Individuals with Disabilities Grant Program

The Metropolitan Transit Authority of Harris County is conducting a Call for Projects for the 5310 Enhanced Mobility of Seniors and Individuals with Disabilities grant program.

This program (49 U.S.C. 5310) provides federal funding for the purpose of assisting private nonprofit groups in meeting the transportation needs of older adults and people with disabilities when the transportation service provided is unavailable, insufficient, or inappropriate to meeting these needs.

The program aims to improve mobility for seniors and individuals with disabilities by removing barriers to transportation service and expanding transportation mobility options. This program supports transportation services planned, designed, and carried out to meet the special transportation needs of seniors and individuals with disabilities in all areas. Eligible projects include both "traditional" capital investment and "nontraditional" investment beyond the Americans with Disabilities Act (ADA) complementary paratransit services.
